

Lookout – E-learning

Lookout - Be Aware, Stay Safe

This online module is designed for new and existing Lookouts. Learners will be encouraged to explore the factors that affect Lookout duties, which includes attention management, personal health & wellbeing and communication.

New Lookouts:

This module forms part of your Post Training Development. Once completed you will need to discuss what you have learnt with your line manager as well as continue to complete your post training workbook.

At the end of your four-month Post Training Development your manager will decide whether to deem you fully competent.

Existing Lookouts:

This online module has been developed as a result of recent incidents involving lookouts.

More information on this process can be found
at <http://www.safety.networkrail.co.uk/Toolbox-for-Supervisor/Lookout-NTS>

Should you have any questions/enquiries regarding this course, please fill out the form at the bottom of the Training page on the [Stobart Rail & Civils website](#) and we will endeavour to respond to you as soon as we can.
